Trimmed hat sale

500 of them in latest styles

Some at less than half

The two lots represent a big purchase from a maker whose enthusiasm ran away with his judgment. He bought materials at a sacrifice sale, and never stopped work until they were used up. Then he found difficulty in disposing of them—as good as he ever put out, but he was too late in the market. Finally decided to sacrifice them.

HIS LOSS REPRESENTS YOUR SAVINGS.

The hats are all high class models.

Lot 1 Hats worth \$5.00 at \$2.95

Lot 2 Hats worth \$6 to \$8 at \$3.50

There are Velvet Hats
There are Silk Hats
All trimmed in the very latest effects, with LINGS, FLOWERS, RIBBONS, QUILLS.

The shapes are extremely varied and range from small to large.

Note the great variety in colors.

55 Hats in Black	38 Hats in Red	27 Hats in Plum
17 Hats in White	38 Hats in Green	19 Hats in Gray
62 Hats in Brown	17 Hats in Light Blue	15 Hats in Roseda

And many others in combination colors, no one of which might be said to predominate. We have had many good hats, underprice, but now, we are sure, have deserved more attention than will be accorded these tomorrow.
